Le Fleuriste Nola

Curated Partial Wedding Packages

These offerings are intentionally designed for couples seeking a refined, streamlined floral experience. Each package is studio-designed, prepared for pickup, and available on a limited basis.

Availability is selective.

A Note Before We Begin

Curated Partial Wedding Floral Packages are not a scaled-down version of full service. They are fixed-scope, studio-led offerings created to provide beautiful, cohesive florals without on-site installation, styling, or custom design development.

If your celebration requires custom planning, on-site execution, or installation, our full-service wedding floral design offering may be a better fit.
